Product Specification Sheet

Targus Matrix Medium Camera Case

Part #: TPT023US

Product Description:

The Targus Metropolitan Medium Camera Case is designed to fit most medium-size digital cameras. The padded interior and zippered closure help to protect the camera while traveling. This case features a detachable wrist strap and belt loop that can snap onto a belt, purse or backpack. The interior includes additional pockets to store batteries, flash memory and other photography accessories. The exterior features a zippered front pocket and a webbed compartment on the back for added storage. This case is the perfect way to protect a consumer-level camera between photo shoots.
